Dear NCCC Alumni and Friends,

The Neosho County Community College Endowment Foundation is proud to bring you our Annual Report. Many new and exciting changes are taking place at NCCC and we encourage you to be part of this excitement.

Our Foundation is proud to take the lead on the new NCCC Ottawa campus. The approximately 52,000 square foot facility will reinforce our presence in Franklin County and provide an incredible new space for students. Groundbreaking took place on June 2, 2010, and we are planning for a move in date of March 2011.

The Center for Sustainable Energy is another project that our Foundation is working on in conjunction with the College. This \$4 million dollar project will be the first step in implementing the Neosho County Community College Master Facilities Plan. A small investment as America moves to become more energy independent, the Center gives students attending NCCC insight into the "green" energy field. Please consider asking for more information about this project.

We are very proud of the fact that the NCCC baseball field now has a turf infield, allowing games to be played in spite of the unpredictable Kansas weather. The Foundation was instrumental in acquiring the funds for the turf installation on the baseball field.

Our new Alumni and Friends Association will kick-off their first event this Fall. The Foundation hopes these events will provide insights and opportunities to bring alumni back to NCCC and the memories they made during their days at NCCC.

As the NCCC Foundation, we continue to fulfill our mission of supporting and advancing the College's mission of providing quality educational programs, services, and activities for its students and the community by managing, soliciting and administering gifts of money and/or/property for scholarships, programs, facilities capital improvements and endowment.

Sincerely,

Tim Heenan

President NCCC Foundation

## Programs, Progress and Plans for the Future

Our nation is facing one of its greatest economic challenges in recent history. Most of our counties are facing double-digit unemployment and more than ever individuals are focused on gaining relevant job skills and continuing education. The faculty and staff of NCCC are fully committed to serving our communities in these challenging times, whether they are unemployed adults looking for new skills or traditional-aged students wanting to start their journey toward a degree.

Since 1936, NCCC has been offering programs, certificates, and degrees to meet the demands of the workforce and an individual's educational growth. Today, I am proud to say that NCCC offers 18 associate degree programs and 32 certificate programs. We serve more than 3,500 individuals on our campuses, and enrollment continues to grow at a steady pace exceeding 12% as compared to the previous year. But student enrollment isn't the only area where we are experiencing growth; our new Ottawa Campus will become a reality in 2011. This exciting new facility will provide an educational building with three separate core areas. A professional wing will house the simulated nursing and skills lab and the health and science laboratories; the interactive wing, located in the center of the new facility, includes the student lounge, learning center, administrative and instructors' offices and auditorium, allowing for public use; the teaching wing includes the general classrooms. This unique design also includes two outdoor learning areas.

## NCCC GIVING

## ENROLLMENT

The Kansas Board of Regents recently provided enrollment numbers for all the community colleges in Kansas for the academic year that just ended. Once again, NCCC has grown faster than the average growth at the other 18 community colleges in Kansas. Our numbers indicated a 13.51% increase. The average for the other community colleges was 12.58%. NCCC's Giving figures remain strong in spite of recent economic conditions. Giving offers you the opportunity to strengthen a vital community resource while offering a tax deduction. A well-planned gift can help achieve financial and charitable objectives as well as personal goals. Your gift shapes the future of the college by supporting students, programs, and services.

## ENDOWMENT

The Neosho County Community College Foundation Endowment Fund is a growing investment. The funds are divided into various investment assets. With 1% in cash and money market, 34% income, 52% growth and income, and 13% Growth. The Foundation investments, like all other investment income, took a significant decline in 2008-2009. The investments took less of a loss than some other institutions because of the foresight of the investment committee to invest in more conservative opportunities. We continue to recover from that loss and add to our investments. The interest from the endowment is used for scholarships and to support the mission of NCCC.

## NCCC Profile 2009

Founded	1936
Mascot	Panther
Intercollegiate Athletic Teams	10
Student Clubs & Organizations	20
Faculty to Student Ratio	1:15
Average Class Size	12
Number of Classes Offered	1,039
Number of Class Locations	36

## Clubs

Academic Excellence Challenge Team	Mary Grimes Student Nurse Association (MGSNA)	Student Ambassadors
Art Club	Music Club	Student Senate
Black Student Union	National Technical Honor Society (NHTS)	
Business Club	Panther Activities Council (PAC)	
Crafting of Yarn Club	Panther Historian Club	
Fellowship of Christian Athletes	Panther Players	
Honors Program	Panther Stampers Club	
International Student Club	Phi Theta Kappa	
Literature and the Movies Club	Science and Mathematics Club	

The NCCC History Club provides all students with the opportunity to broaden their knowledge of different aspects of History. The club travels every spring to get an indepth knowledge of American History. This year we traveled to Boston, Lexington, Concord, and Salem, MA studying Colonial and Revolutionary Historical sites.

The Art Club's activities promote the parctical and cultural value of art, the development of personal creativity and art career awareness; and to provide educational opportunities in the visual arts for club members and the college community. This year in an effort to gain support to be chosen as one of Google's partners in its ultra high speed Internet fiber program, the art club helped to create an image of Google Earth at the intersection of Main and Lincoln in Chanute, Kansas.

The new campus will be almost three times as large as the current campus at approximately 52,000 square feet. The current campus is 18,000 square feet, which includes general classrooms, nursing laboratories, and computer laboratories.

NCCC's new turf infield, a first for community colleges in Kansas.

Bill Winder tees off on hole #1 at Quarry Stone during the Neosho County Community College Foundation's 2010 golf tournament. Bill Winder and Brad Winder took 3rd place just edging out the team of Clint Isaac and Bill Hensley.

## Where are they now?

### Julie (Robinson) Berg

After NCCC Julie went on to play volleyball at Baker University in Baldwin City, and then decided to walk on and play basketball. In 1996, Julie graduated with a Bachelor of Science degree. Julie then moved to Topeka where she took a job at Dillard's Department Store, where she worked for six years. Since 2003, Julie has been working for Payless ShoeSource World headquarters, in the Marketing Department.

Barkley is Julie's first "kid," a yellow lab she has had for nine years. She has two real children, Reagan her six year old daughter (who shares the same birthday with her mom, July 4th) and a two year old son, Carson. Julie has been married since October 2002 to Jeremy Robinson, who is a detective for the Topeka Police Department.

Julie returns to Chanute at least once every two or three months. Her parents and family still live in Chanute.

### Jannero Pargo

After NCCC Jannero moved on to the University of Arkansas. Pargo has played in the NBA for the Los Angeles Lakers, Toronto Raptors, New Orleans Hornets, and currently for the Chicago Bulls. Through his Jannero Pargo Foundation he has conducted basketball clinics since 2006. He is currently living in Chicago with his wife Malaysia and son Jannero Jr.

Bree &  
Lucretia  
are 2 of the  
3,553 people  
enrolled at  
NCCC in the  
09-10 year

Our nursing students have a 90% placement rate.

Victor  
graduated  
in May 2010  
with 389  
other  
classmates

### The Dean Honas Endowed Scholarship

Pictured above are parents Herman and Flo Honas, Darryl Honas, brother and members of the 1980 baseball team, and the recipients of this year's scholarship, Chris Hinkley and Chris Jones.

The Dean Honas Endowed Scholarship for NCCC Baseball was funded by the Honas family, members of the 1980 NCCC Baseball team, and through fundraising efforts of the NCCC Foundation in honor of Mr. Honas.

Dean was a local boy, who stayed at home to play a game he loved: baseball for Neosho County Community College from 1979 to 1980 as the catcher. The Honas Endowed Scholarship benefits members of the NCCC Panther baseball team. To be eligible for the scholarship a student must be full-time, in good academic standing at NCCC, have a minimum grade point average of 3.2, and be a participating student athlete from the Panther baseball team.

*The future belongs to those who believe in their dreams.*

~ Eleanor Roosevelt

## The Uthmann Scholarship

Elva Uthmann worked for years in the oil fields of Oklahoma and Kansas, after serving his country in the Korean conflict. He and his wife, Evelyn, farmed outside of Chanute for many years. During part of the time that they farmed, they raised watermelons, which they usually gave away. He still comes to the college in the Fall and gives away the produce he grows in his garden.

In 2009 Mr. Uthmann established the “Evelyn and Elva Uthmann Endowed Scholarship” at Neosho County Community College to benefit a deserving student who wants an education. When asked why he started a scholarship at NCCC, he said, “They were always good to me here at Neosho County Community College.” A man of few words, Mr. Uthmann makes up for it with a large and giving heart!

Life-long Chanute resident and NCCC basketball standout Harold Turner is surrounded by his family. The NCCC Foundation announced that they would be raising funds to endow the Harold Turner Endowed Scholarship for Panther Basketball.

Thank you to all of our donors for their support of Neosho County Community College and the Foundation!
