

CPR Check Off

Contact has been made with two of the local medical centers near Chanute. Through them, you have the opportunity to take the CPR class online and then do a checkoff for completion of your certification. The instructions with contact information for those programs are listed below:

Neosho Memorial Regional Medical Center, 629 South Plummer, Chanute, KS.

We are still teaching through AHA's blended learning approach. If you can have them email me at amanda_tindle@nmrmc.com, I will send the students instructions on how to sign up. The charge for Amanda to check you off is \$25.
