NEOSHO COUNTY COMMUNITY COLLEGE

High School Rates 2024-2025

Neosho County Community College has a variety of partnerships with the local high schools within the service area that supports student success and educational advancement. These partnerships have led to seamless pathways from secondary to post-secondary education and experience within career exploration opportunities. Tables can be found below outlining key Initiatives that contribute directly to the cost of courses for high school students, which high schools are included for each initiative, and fee expectations for individual Career and Technical Education (CTE) programs.

Initiatives for High School Rates

Initiatives	About the Initiative
Excel In CTE (Career and Technical Education)	• Covers tuition for high school students enrolled in funded-tiered courses • NCCC covers the fees and consumables costs – exceptions below: • Student (or school district) is responsible for textbooks, testing fees, and any materials the student leaves the program with
C3 Initiative at Ottawa High School	• Ottawa School District covers the cost of general education courses offered at Ottawa High School • Students are responsible for textbooks • Ottawa High School district may collect a small fee from students
Comet/Panther Now	• Chanute School District covers the cost of general education courses offered at Chanute High School • Students are responsible for textbooks • Chanute High School may collect a small fee from students
Northern High School Initiative (NHSI)	• Offers a reduced rate of $75/hour for certain college classes on the NCCC Ottawa campus for high school students • Students are responsible for textbooks • Limited to classes during 8 am – 3 pm, M-F on campus • High schools participating in this initiative must sign the NHSI agreement
Southern High School Initiative (SHSI)	• Offers a reduced rate of $75/hour for certain college classes on the NCCC Chanute campus for high school students • Students are responsible for textbooks • Limited to classes during 8 am – 3 pm, M-F on campus • High schools participating in this initiative must sign the SHSI agreement
High School Online Virtual (HSOV)	• Reduces tuition rate down to $50 per credit hour for High School students. • Courses must meet the 75% reduction in seat time to qualify as “distance learning”.
