## NATIONAL RECOGNITION

**CREDENTIALING** in the HIM field is valuable and increases your earning potential.

**Coding professionals are on the front lines of the healthcare profession, but do not provide direct patient care (no blood or body fluids).**

**The challenges of coders include an in-depth understanding of health record documentation,**

**legal and regulatory requirements, medical terminology, anatomy and physiology, disease process and pharmacology as well as expertise in ICD-10-CM, ICD-10-PCS and CPT coding systems and guidelines. The integrity of the patient's record and non-fraudulent claim submissions is a high priority.**
