

Welcome to NCCC and thank you for investigating our wonderful college. We know that you have many educational choices. When you compare what NCCC has to offer, you will see why more and more students are choosing NCCC.

Here is what students who have chosen NCCC say about us:

“Great Programs”

NCCC offers innovative creative programs that will help you get the job you need and to help you be successful in a bachelor’s degree program. We offer a wide range of programs, certificates and degrees at the college. While many of our students are working the first two years of a bachelors degree, over half our graduates are going straight into the workplace through one of our many career and technical education (CTE) programs. As a comprehensive community college we offer everything from Art, Theatre, Music, Education, Pre-Med, and other bachelors degree-path programs to a large number of CTE programs like Nursing, Occupational Therapy Assistant, Sonography, Welding, Plumbing, Automotive, HVAC and Electrical.

“Excellent faculty with small class sizes”

Our programs are taught by some of the finest faculty members of any college. You won’t get 300-person auditorium classes taught by a graduate assistant at NCCC. Our average class size is 12 and our instructors are all degreed professionals with many years in their profession and in college teaching. All instructors know our motto: Student success is our success. We are not successful as instructors unless you are as our student. Our instructors’ commitment to student success does not end when class is over. Our instructors were rated very high by the students on availability outside the classroom.

“NCCC meets me where I am, and they care”

NCCC prides itself in being open and welcoming to all students regardless of their background. The college values every student and celebrates differences through its commitment to diversity. NCCC attracts students from all over the United States and the world. You’ll meet people just like you and also many from other walks of life in the same classroom. It will be a very enriching experience!

To help students be successful in all academic areas, NCCC takes extraordinary measures to ensure student success. We have free, unlimited face-to-face and online tutoring for all students for any subject. The Chapman Learning Center on the Chanute campus and the Teaching and Learning Center on the Ottawa campus provide individual and group tutoring with extended hours. In fact, the Chapman Learning Center is open 24 hours a day.

“So many choices on classes”

We offer classes on your schedule, not ours. We have day, night, weekend, online, hybrid, short course, four-week, eight-week, twelve-week, and sixteen-week classes. NCCC is in session 52 weeks a year. We will find a schedule that fits your needs.

“Low tuition with lots of financial help available”

There is no reason you can’t go to NCCC, no matter what your financial situation. With hundreds of thousands of dollars in scholarships, the book rental program, several state and federal programs, and low community college rates, there is a way for you to go to college. Many of our Neosho County residents pay absolutely nothing to attend our wonderful college as do those in many of our CTE programs through the Kansas Promise Act.

“A real college feel at a beautiful full campus”

Many students chose NCCC because of the beautiful Chanute campus. Our Chanute site is 10 buildings on 40 beautifully maintained acres. The suite-style resident hall is home to over 200 students. In Ottawa, the college has an \$8.1 million 52,000 square foot campus on 27 wooded acres. That campus features state-of-the-art classrooms and labs, a simulated hospital, and a Teaching and Learning Center.

“Plenty of things to do and ways to get engaged”

There is plenty to do on campus, with a full range of sports, clubs, and activities on the Chanute campus and new clubs on the Ottawa campus. We have ten sports teams, dozens of student clubs and countless student events scheduled each week to keep you engaged in a true college atmosphere. We have also built an indoor practice facility.

“Helpful, friendly staff”

It all comes together with great people. Our wonderful staff is here to help you with each step along the way. From admissions, all the way to transfer and certificate completion, at NCCC, we will know your name, and we will give you the best service of any college anywhere.

Go Panthers!

Sincerely,

A handwritten signature in cursive script, appearing to read "Brian Inbody".

NCCC President

ACADEMIC POLICIES AND PROCEDURES

Academic Honesty

Violations of the Academic Honesty policy include academic dishonesty, which is behavior in which a deliberate means is employed to gain undeserved intellectual credit or advantage, either for oneself or another, or which is disruptive of a course of study. Some examples of academic dishonesty are:

1) Plagiarism: Intentionally using the printed/published data, distinctive ideas, or language of someone else or artificial intelligence material without specifically acknowledging the original source, for example, copying another student's paper, creative work, article, or computer work and submitting it as one's own original work is not allowed. On the other hand, the use of "common knowledge" or of ideas that are not distinctive to a single source does not require acknowledgement. Subject to the foregoing, the particular circumstances under which acknowledgment is required may vary among the different disciplines, which make up the College; in addition, the manner or style used to acknowledge a source will vary among disciplines. In a particular course, students must

follow the acknowledgement/citation customs and standards of the discipline offering the course and acknowledge sources in the manner expected by that discipline.

2) Unauthorized collaboration on out-of-class projects: Students may not present work as individual when, in fact, the work was done by/or with other students.

3) Cheating on exams: This is defined as the unauthorized or inappropriate use of information about the exam (questions/answers) and/or the taking of an exam with the assistance of unauthorized materials such as notes, textbooks, crib sheets, and/or any electronic means such as cell phones. It is the responsibility of each instructor to inform students which information aids, if any, may be used on exams.

4) Unauthorized access to exams in advance of the examination: Students who in any unauthorized manner obtain exams in advance of the date and hour of the examination are committing an act of academic dishonesty. Unauthorized access to exams does not include obtaining copies of exams given in previous semesters and returned to students, but it does include a sharing of information about an unreturned exam between a student in an earlier section of a class and a student in a later section.

5) Aiding and/or abetting an academically dishonest undertaking: A student is responsible for ensuring that other students do not misuse his/her work. Students are required to protect the integrity of their own work by, for example, not allowing, knowingly or through carelessness, another student to plagiarize a term paper or copy answers to an exam.

Responsibility for Academic Honesty: The fundamental responsibility for the maintenance of the standards of honesty rests upon the student. It is each student's responsibility to be familiar with College policy on academic honesty and to uphold the standards at all times in all situations. Faculty members are responsible for clarification to their classes of those standards of honesty for class assignments or projects where such standards may be unclear or when such standards vary from the accepted norm. The Faculty is expected to take reasonable precautions to protect academic honesty.

Consequences of Academic Honesty Violations: Incidents of academic honesty violation in the classroom will be the responsibility of the individual instructor. Upon discovery of such violations, the instructor will have a private meeting with the student to inform him/her of the situation or notify him/her by email. The consequences of violation of the Academic Honesty Policy are at the discretion of the instructor and can range from redoing the assignment for partial credit to course dismissal, to the receiving a grade of "XF" for the course. A grade of "XF" indicates the student failed the course due to violations of the Academic Honesty Policy and remains on the permanent transcript unless removed by passing a course in ethics and integrity. All actions taken by the instructor will be documented by the instructor and reported to the following:

- Instructor's direct supervisor (appropriate division chair, director or direct supervisor)
- Appropriate Dean as applicable (Dean for the Ottawa & Online Campuses, Dean of Outreach and Workforce Development)
- Vice President for Student Learning

- Dean of Student Services

A copy of the documentation will be placed on file with the Dean of Student Services. If the student does not agree with the actions taken by the instructor, he/she may utilize the Academic Honesty Appeal Procedure found in this handbook or the NCCC College Catalog. Please note the timeline of this type of appeal, including the grade of XF, is **two working days** from the notification.

Records of acts of misconduct will be kept on file by NCCC. In cases of serious violations of academic honesty or multiple violations of the policy, the Dean of Student Services, in conjunction with the Dean for the Ottawa and Online Campus, , or the Dean for Outreach and Workforce Development when applicable may require a meeting with the student to determine what action needs to be taken. Actions may range from a warning to expulsion from the College.

Academic Appeals

A. Final Grades

Final grades are based only on academic standards and the instructor's evaluation of how well a student achieved those standards. Final grades shall be based upon written grading criteria given to the student at the beginning of each course. Each instructor is required to issue a syllabus for the course the first class session each semester outlining the requirements for the course and the grading criteria to be used in the course. Only final grades given at the conclusion of the course may be appealed. Grounds for Final Grade appeals include:

1. Failure of the instructor to follow the written criteria given to the student at the beginning of the course (or failure of the instructor to provide written criteria as required).
2. Alleged errors in the mathematical calculation of grades.
3. Alleged errors in recording the grade on the student's transcript.
4. Non-academic issues such as attendance (i.e. if a student completed the work and would otherwise have been entitled to a grade acceptable to the student, but did not receive the grade due to poor attendance, poor class participation, discrimination, etc.).

The student must begin the final grade appeal process within thirty (30) days from the conclusion of the course. Each final grade being questioned must be appealed separately.

B. Academic Honesty

In the case of an academic honesty violation, (as defined in the Code of Student Conduct and Discipline) the student must begin the appeal process within two (2) working days from the date disciplinary action was initiated by the faculty member or other College official. This includes the disciplinary action of an XF.

C. Assignments/ Test Grades

Assignments/grades cannot be appealed. Once the course is completed the student may use the final grade appeal process listed in this handbook.

D. Appeal Procedure

A student begins the appeal process by completing the Academic Appeal Form available in the office of the Chief Academic Officer and then:

1. To initiate a grade appeal, confer with the appropriate course instructor first. If the problem cannot be resolved, the student may continue the appeal process by making an appointment with the Chief Academic Officer.

2. For an academic honesty appeal, including appeal of an XF grade, meeting with the course instructor is not required, and the student shall make an appointment with the Chief Academic Officer.

It rests with the Chief Academic Officer's discretion to investigate and determine the basis for the appeal and then either resolve it or refer it to an ad hoc committee appointed by the Chief Academic Officer or by the President of the College. No further appeal by the student is allowed.

Federal Legal Sanctions

Federal and state laws prohibit the unlawful possession, use, or distribution of illicit drugs and alcohol. Conviction for violating these laws can lead to imprisonment, fine, probation, and/or assigned community service. Students convicted on a drug- and/or alcohol-related offense will be ineligible to receive federally funded or subsidized grants, loans, scholarships, or employment. Neosho County Community College will fully cooperate with the local, state, and federal authorities in the enforcement of all applicable laws.

Federal Drug Laws

The possession, use, or distribution of illicit drugs is prohibited by federal law. Strict penalties are enforced for drug convictions, including mandatory prison terms for many offenses. The following information, although not complete, is an overview of federal penalties for first convictions. All penalties are doubled for any subsequent drug conviction.

Denial of Federal Aid (20 USC 1091)

Under the Higher Education Act of 1998, students convicted under federal or state law for the sale or possession of drugs will have their federal financial aid eligibility suspended. This includes all federal grants, loans, federal work study programs, and more. Students convicted of drug possession will be ineligible for one year from the date of the conviction of the first offense, two years for the second offense, and indefinitely for the third offense. Students convicted of selling drugs will be ineligible for two years from the date of the first conviction, and indefinitely for the second offense. Those who lose eligibility can regain eligibility by successfully complete an approved drug rehabilitation program.

Forfeiture of Personal Property and Real Estate (21 USC 853)

Any person convicted of a federal drug offense punishable by more than one year in prison shall forfeit to the United States any personal or real property related to the violation, including houses, cars, and other personal belongings. A warrant of seizure is issued and property is seized at the time an individual is arrested on charges that may result in forfeiture.

Federal Drug Trafficking Penalties (21 USC 841)

Penalties for federal drug trafficking convictions vary according to the quantity of the controlled substance involved in the transaction. The following list is a sample of the range

and severity of federal penalties imposed for first convictions. Penalties for subsequent convictions are twice as severe.

If death or serious bodily injury result from the use of a controlled substance which has been illegally distributed, the person convicted on federal charges of distributing the substance faces mandatory life sentence and fines ranging up to \$8 million.

Persons convicted on federal charges of drug trafficking within 1,000 feet of a University (21 USC 845a) face penalties of prison terms and fines which are twice as high as the regular penalties for the offense, with a mandatory prison sentence of at least 1 year.

Federal Drug Schedules

Drugs, substances, and certain chemicals used to make drugs are classified into five distinct categories or schedules depending upon the drug's acceptable medical use and the drug's abuse or dependency potential. The abuse rate is a determinate factor in the scheduling of the drug; for example, Schedule I drugs have a high potential for abuse and the potential to create severe psychological and/or physical dependence. As the drug schedule changes – Schedule II, Schedule III, etc. – so does the abuse potential. Schedule V drugs represent the least potential for abuse. A Listing of drugs and their schedule are located Controlled Substances Act (CSA) Scheduling or CSA Scheduling by Alphabetical Order. These lists describe the basic or parent chemical and do not necessarily describe the salts, isomers, and salts of isomers, esters, ethers and derivatives which may also be classified as controlled substances. These lists are intended as general references and are not comprehensive listings of all controlled substances.

Please note that a substance need not be listed as a controlled substance to be treated as a Schedule I substance for criminal prosecution. A controlled substance analogue is a substance which is intended for human consumption and is structurally or pharmacologically substantially similar to or is represented as being similar to a Schedule I or Schedule II substance and is not an approved medication in the United States. (See 21 U.S.C. § 802 (32)(A) for the definition of a controlled substance analogue and 21 U.S.C. § 813 for the schedule.)

Schedule I

Schedule I drugs, substances or chemicals are defined as drugs with no currently accepted medical use and a high potential for abuse. Some examples of Schedule I drugs are: heroin, lysergic acid diethylamide (LSD), marijuana (cannabis), 3,4-methylenedioxymethamphetamine (ecstasy), methaqualone, and peyote.

Schedule II

Schedule II drugs, substances, or chemicals are defined as drugs with a high potential for abuse, with use potentially leading to severe psychological or physical dependence. These drugs are also considered dangerous. Some examples of Schedule II drugs are: Combination products with less than 15 milligrams of hydrocodone per dosage unit (Vicodin), cocaine, methamphetamine, methadone, hydromorphone (Dilaudid), meperidine (Demerol), oxycodone (OxyContin), fentanyl, Dexedrine, Adderall, and Ritalin.

Schedule III

Schedule III drugs, substances, or chemicals are defined as drugs with a moderate to low potential for physical and psychological dependence. Schedule III drugs abuse potential is less than Schedule I and Schedule II drugs but more than Schedule IV. Some examples of Schedule III drugs are: Products containing less than 90 milligrams of codeine per dosage unit (Tylenol with codeine), ketamine, anabolic steroids, testosterone.

Schedule IV

Schedule IV drugs, substances, or chemicals are defined as drugs with a low potential for abuse and low risk of dependence. Some examples of Schedule IV drugs are: Xanax, Soma, Darvon, Darvocet, Valium, Ativan, Talwin, Ambien, Tramadol.

Schedule V

Schedule V drugs, substances, or chemicals are defined as drugs with lower potential for abuse than Schedule IV and consist of preparations containing limited quantities of certain narcotics. Schedule V drugs are generally used for antidiarrheal, antitussive, and analgesic purposes. Some examples of Schedule V drugs are: Cough preparations with less than 200 milligrams of codeine or per 100 milliliters (Robitussin AC), Lomotil, Motofen, Lyrica, Parepectolin.

10) Unnecessary or unauthorized internet usage.

According to NCCC's Computer Usage and Internet Policy, this College provides access to the vast information resources of the Internet to students, faculty and staff in their educational endeavors. The facilities that provide access represent a considerable commitment of resources for telecommunications, networking, software, storage, etc. This Internet usage policy is designed to help you understand our expectations for the use of those resources in the particular conditions of the Internet, and to help you use those resources wisely. While we've set forth explicit requirements for Internet usage below, we'd like to start by describing our Internet usage philosophy.

First and foremost the Internet for this College is an educational tool, provided to you at significant cost. That means we expect you to use your Internet access primarily for educationally related purposes, i.e., to communicate with students, other College personnel and colleagues, to research relevant topics and obtain useful educational information (except as outlined below). We insist that you conduct yourself honestly and appropriately on the Internet, and respect the copyrights, software licensing rules, property rights, privacy and prerogatives of others, just as you would in any other business dealings. To be absolutely clear on this point, all existing College policies apply to your conduct on the Internet, especially (but not exclusively) those that deal with intellectual property protection, privacy, misuse of College resources, sexual harassment, information and data security, and confidentiality.

Unnecessary or unauthorized Internet usage causes network and server congestion. It slows other users, takes away from work time, consumes supplies, and ties up printers and other shared resources. Unlawful Internet usage may also garner negative publicity for the College and expose the College to significant legal liabilities.

The chats, newsgroups and e-mail on the Internet give each individual Internet user an immense and unprecedented reach to promote the interests of the College. Because of that power, we must take special care to maintain the clarity, consistency and integrity of the mission and objectives of the College. Anything any one employee writes in the course of acting for the College on the Internet could be taken as representing the College's educational posture. That is why we expect you to forego a measure of your individual freedom when you participate in chats or newsgroups on College time, as outlined below.

While our direct connection to the Internet offers a cornucopia of potential benefits, it can also open the door to some significant risks to our data and systems if we do not follow appropriate security discipline. As presented in greater detail below, that may mean preventing machines with sensitive data or applications from connecting to the Internet entirely, or it may mean that certain users must be prevented from using certain Internet features like file transfers. The overriding principle is that security is to be everyone's first concern. College employees and students can be held accountable for any breaches of security or confidentiality.

Certain terms in this policy should be understood expansively to include related concepts. "**College**" refers to Neosho County Community College. The Dean of Operations serves as the "CHIEF INFORMATION OFFICER" or "CIO" for the College. "**College Network**" refers to NCCC computing resources including but not limited to computers, software and information at all NCCC campuses, outreach sites and the virtual College, whether or not owned by

NCCC. It shall also refer to any NCCC-owned computing resource regardless of location. **“Internet Access”** refers to any use of a password issued by NCCC to access and use what is commonly referred to as the Internet. **“Document”** covers just about any kind of file that can be read on a computer screen as if it were a printed page, including any files read in an Internet browser, any file meant to be accessed by a word processing or desktop publishing program or its viewer, or the files prepared for the Adobe Acrobat reader and other electronic publishing tools. **“Graphics”** includes photographs, pictures, animations, movies, or drawings. **“Display”** includes monitors, flat-panel active or passive matrix displays, monochrome or color LCDs, projectors, televisions and virtual-reality tools. 11) Conduct which is disorderly, lewd, or indecent; breach of peace; or aiding, abetting or procuring another person to breach the peace on College premises or at functions sponsored by, or participated in, the College.

12) Failure to comply with the tobacco use policy.

Tobacco Use (smoke-free, not tobacco free) Applicability: This Policy applies to all NCCC students, employees and visitors with respect to use of Tobacco and Smoke Products. “Tobacco and Smoke Products” include, but are not limited to, cigarettes, cigars, chewing tobacco, snuff, electronic or “E” cigarettes, nicotine or chemical vaporizing devices and other forms of chewing or smoking devices as defined by state and federal law. The College supports a tobacco- and smoke-free learning and working environment. Tobacco use, including the use of e-cigarettes, is prohibited within any College vehicle or building, owned, leased, or rented by the College, including all distant campuses, sites, or locations. Use of Smoke Products is prohibited in any College building or property except in the outdoor designated areas. Although not encouraged, use of Tobacco and Smoke Products is permitted in the individual’s vehicle. However, cigarette butts, smokeless tobacco, nicotine cartridges and/or any other types of Tobacco and Smoke Product waste must be disposed of inside the vehicle. Any violation of this Policy may be handled by the appropriate student or employee handbook. The president is charged with developing any additional policies or procedures to carry out this policy.

13) Failure to satisfy College financial obligations.

NCCC’s Passing of Worthless Check Policy states: The intentional passing of worthless checks, or the failure to immediately redeem a worthless check unintentionally passed, shall constitute a sufficient reason for suspension from school.

14) Gambling.

15) Any form of passive or covert behavior may also be regarded as quite disruptive. Examples of passive, yet disruptive, behavior are those students whose poor personal hygiene so seriously offends the sensibilities of classmates and instructors that the classroom becomes an academic environment that is no longer tenable.

The College’s Loitering/Illegal Entry Policy states: Loitering in classrooms, hallways, parking lots and other areas not generally considered to be gathering locations on campus is strictly

prohibited. College officials have the right to remove any person or persons found loitering or causing general disturbance on the campus. Any person or persons found in the act of illegal entry, whether to personal property or the property of the College, will be detained and turned over to the proper authorities, and may face fines and/or imprisonment as prescribed by state and local statute. Interference with College officials during the lawful performance of their duties is a criminal offense as defined by K.S.A 21-5922. The police and/or sheriff's office will be called to remove such violators.

16) Violation of federal, state or local law on College-premises or at College sponsored or supervised activities.

17) The possession or use of lethal weapons on College premises is strictly prohibited. Lethal weapons include but are not limited to firearms, ammunition, bows/arrows, knives, explosives, and dangerous substances as defined by K.S.A. 72-89a01(h). Any person found in violation may be subject to the provisions of state law, College policy, and the Student Handbook.

For the Conceal and Carry exception to the Weapons Policy, please see the specific parameters as laid out in the Safety and Security section of this Student Handbook.

18) Participation in a campus demonstration which disrupts the normal operation of the College and infringes on the rights of other members of the College community; leading or inciting others to disrupt scheduled and/or normal activities within any campus building or area; intentional obstruction which unreasonably interferes with freedom of movement, either pedestrian or vehicular, on campus.

It is expressly forbidden for any group of students to gather in such a manner as to disturb public speech, do violence to any person or property, disrupt the function of the College, or interfere with its faculty or staff in the performance of their duties or otherwise by such gatherings bring disgrace or disrepute to the College. Any student who encourages or in any way participates in the formation or prolonging of such gatherings could be subject to disciplinary action.

19) Abuse of the Discipline System, including but not limited to:

- A. Failure to obey the summons of a College official.
- B. Falsification, distortion, or misrepresentation of information to a College official.
- C. Disruption or interference with the orderly conduct of a disciplinary hearing.
- D. Institution of discipline hearing knowingly without cause.
- E. Attempting to discourage an individual's proper participation in, or use of, the discipline system.
- F. Attempting to influence the impartiality of a member of a discipline hearing body prior to, and/or during the course of, the proceeding.
- G. Failure to comply with the sanction(s) imposed under the Disciplinary Code of Conduct.
- H. Influencing or attempting to influence another person to commit an abuse of the discipline system.
- I. Harassment (verbal or physical) and/or intimidation of a member of a hearing body prior to, during, and/or after a disciplinary proceeding.

Disciplinary Proceedings

College disciplinary proceedings may be initiated against a student charged with a violation of this Code of Conduct even if the same factual situation is the basis for pending or potential criminal prosecution and/or civil litigation. Proceedings under this Code of Conduct may be carried out prior to, simultaneously with, or following any such separate civil or criminal proceedings.

Charges and Hearings

Disciplinary action may originate with the Chief Student Affairs Officer or in other units of the College, which may initially deal with the alleged misconduct.

Anyone may report any perceived student violation to the Chief Student Affairs Officer or their designee. Forms for this purpose are available online through the NCCC web site.

A faculty member or College official may report any student violation which is not resolvable through an informal process and believes disciplinary action may be warranted. Any such referral to the Chief Student Affairs Officer shall be submitted online through the NCCC web site. Any referral should be submitted as soon as possible after the event takes place, preferably within forty-eight (48) hours.

Sometimes, students are hesitant to offer assistance to others for fear that they may get themselves in trouble. The College pursues a practice of amnesty for students who offer help to others in need. While policy violations cannot be overlooked, the College will provide educational options, rather than punishment, to those who offer their assistance to others in need.

The Chief Student Affairs Officer, or their designee, may conduct an investigation to determine if the charges have merit and/or if they can be disposed of administratively by mutual consent of the student(s) and the College official who referred the matter. After the initial investigation, the Chief Student Affairs Officer may issue one or more of the following:

- A. Take no action.
- B. Take administrative action to counsel, advise, or admonish the student.
- C. Forward the grievance to an appropriate administrator/committee.
- D. Take disciplinary action against the offending student ranging from warning to suspension or expulsion. The range includes but is not limited to:
 - 1) Warning: A notice in writing to the student that the student is violating or has violated institutional regulations.
 - 2) Probation: A written reprimand for violation of specified regulations. Probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found to be violating any institutional regulations during the probationary period.
 - 3) Loss of Privileges: Denial of specified privileges for a designated period of time.
 - 4) Restitution: Compensation for loss, damage or injury. This may take the form of appropriate service and/or monetary or material replacement.
 - 5) Discretionary Sanctions: Work assignments, service to the College or other related discretionary assignments.
 - 6) Student Housing Suspension: Separation of the student from Student Housing for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified.
 - 7) Student Housing Expulsion: Permanent separation of the student from Student Housing.

- 8) College Suspension: Separation of the student from the College for a definite period of time, after which the student is eligible to return. Conditions or readmission may be specified.
- 9) Withdrawal: Withdrawal is administrative removal of a student from a class or from the College and may be imposed in instances of unmet financial obligation; for reasons of health; pending the outcome of a competent medical evaluation. The withdrawn student may also be barred from re-enrollment until such time as specific conditions have been met.
- 10) Expulsion: Permanent severance from NCCC.

Interim Suspension

In certain circumstances, the President or the President's designee, or Chief Student Affairs Officer may impose a College or residence hall suspension prior to the hearing before the Student Appeals Committee. Interim suspension may be imposed:

- 1) To ensure the safety and well-being of members of the College community or preservation of College property;
- 2) To ensure the student's own physical or emotional safety and well-being; or
- 3) If the student poses a threat of disruption or interference with the normal operations of the College.

During the interim suspension, students may be denied access to the residence halls and/or to the campus (including classes) and/or all other College activities or privileges for which the student might otherwise be eligible as the President or the President's designee, or Chief Student Affairs Officer may determine to be appropriate.

Student Grievance Procedure

This Student Grievance Procedure does not apply and may not be used for grade appeals, sexual misconduct, or discrimination complaints as defined in the NCCC Equal Opportunity, Harassment and Discrimination Policy, or discipline by the Mary Grimes School of Nursing, Health Information Technology, Surgical Technology, each of which are governed by their own separate policies and procedures.

Any student otherwise affected by the discipline for violations of this Code of Conduct administered by the Chief Student Affairs Officer, or other College official, may file (with the Chief Student Affairs Officer's Office) a written request for a hearing before the Student Appeals Committee within two (2) working days from the date disciplinary action was initiated by the Chief Student Affairs Officer or other College official. The request must specify the following: 1) Name, current address and telephone number; 2) Description, date(s) and place(s) of alleged act(s); (3) Date and by whom discipline was levied; (4) The disciplinary penalty assigned; (5) Circumstances which s/he feels merit review; (6) Signature and date. Upon receipt of the request for an appeal hearing, the Chief Student Affairs Officer will schedule a hearing, and notify the student requesting the appeal, of the date and time of the scheduled hearing. At the same time, the student will be informed as to the procedure used at the hearing and the student's right to friendly counsel.

Hearing Procedure

A time shall be set for a hearing, not less than two (2) nor more than ten (10) calendar days after the student has been notified. Maximum time limited for scheduling of hearings may be extended at the discretion of the Chief Student Affairs Officer.

1. A quorum of the committee shall be present during the course of the hearing; the Chair of the committee will be responsible for the written summary of the hearing.
2. The student accused of misconduct and requesting the hearing is expected to attend the hearing. Failure to attend, in the discretion of the Student Appeals Committee, may result in consideration of the matter with the available information and a determination of misconduct penalties, if any.
3. The chair will open the meeting by introducing the committee members and asking each party if there is an objection to a member. The objection, if any, shall provide a factual basis for the request that a member should not serve. The chair will decide whether to remove the member based on the objection. In such case, a replacement will be chosen by the chair if a quorum is not otherwise present to hear the case.
4. The chair will then advise the student of the Committee's procedures and his/her right to make a statement, call and question witnesses, and have an advisor of his/her own choosing present. The advisor can be a member of the faculty, a parent, an attorney, or other individual. However, only the student may speak and ask questions on his/her own behalf.
5. The Student Appeals Committee may seek the advice of the College attorney at any time.
6. The Committee may in its sole discretion temporarily stay the hearing at any time to summon crucial witnesses, if necessary, to effectuate justice.
7. The chair shall review, in the presence of the student and the Chief Student Affairs Officer, the allegations against the student for the matter under review.
8. The chair shall then call upon the Chief Student Affairs Officer for a formal statement and questioning by members of the Committee and the student.
9. The chair shall then call upon the student for a formal statement and questioning by committee members and the Chief Student Affairs Officer.
10. The chair shall then proceed to ask the Chief Student Affairs Officer if he/she cares to introduce evidence or witnesses, in which event the student and the Chief Student Affairs Officer, as well as members of the committee, shall have the right to question them. Upon the conclusion of questioning, each witness shall leave the meeting room. In like manner, the chair shall ask the student if he/she cares to introduce witnesses; and, if so, like procedure shall be followed. Normally, witnesses shall only be present in the hearing during their testimony.
11. After hearing all witnesses, the chair shall ask for a concluding statement first from the student and then from the Chief Student Affairs Officer, if they desire to make one. No further questions should be asked during the closing statements.
12. Previous discipline records of the student may be used in any hearing.
13. Legal rules of evidence do not apply to hearings before the Committee. **The standard of review is by a preponderance of the credible evidence.**
14. Following the concluding statements, if offered, the chair shall request that everyone other than him/herself and the committee leave the room. The chair shall preside over deliberations and may vote in case of a tie.
15. In the event a majority decision cannot be reached, the case may be dismissed or the Chief Student Affairs Officer may request that a second Committee be formed to rehear the case.
16. Upon the determination of whether a violation has occurred, the Committee shall either dismiss the disciplinary matter or deliberate the misconduct penalties, whichever is appropriate. If misconduct penalties are to be decided, the Committee shall consider any penalties recommended by the Chief Student Affairs Officer and may affirm, modify, or reject such penalties.

17. When the committee's deliberations are concluded, the student shall be notified in writing within two working days by the chair of the Committee's decision.

18. The student's written request for review, the written statement of the Chief Student Affairs Officer's position, the committee's decision, and the written summary of the hearing, shall, upon completion of the hearing, be made a part of the student's confidential file in the Chief Student Affairs Officer's office.

Appeals to the President

A decision reached by the committee may be appealed by the accused student or referring College official to the President of the College, or his/her designee, within five (5) working days of the decision. The appellant must present a written statement of the reason(s) for the appeal. The President of the College (or his/her designee) will review the committee's determination only to see whether there was evidence before a committee which supported the result reached. The President is not bound by formal rules of hearings in his/her investigation or appraisal and may refuse to review an appeal s/he believes to be without merit. Except as required to explain the basis of new evidence, an appeal shall be limited to review of the record of the initial hearing and supporting documents for one or more of the following purposes:

A. To determine whether the original hearing was conducted fairly in light of the charges and evidence presented, and in conformity with prescribed procedures giving the complaining party reasonable opportunity to prepare and present evidence that the Code of Conduct was violated, and giving the accused student a reasonable opportunity to prepare and present a rebuttal of those allegations.

B. To determine whether the decision reached regarding the accused student was based on substantial evidence, that is, whether details in the case were sufficient to establish that a violation of the Code of Conduct occurred.

C. To determine whether the sanction(s) imposed were appropriate for the violation of the Code of Conduct which the student was found to have committed.

D. To consider new evidence, sufficient to alter a decision or other relevant facts not brought out in the original hearing, because such evidence and/or facts were not known to the person appearing at the time of the hearing.

Upon review of the case, the President shall:

- 1) Sustain the original disciplinary action; or
- 2) Adjust the sanction, or
- 3) Remand the case to the original committee and Chief Student Affairs Officer for re-opening of the hearing to allow reconsideration of the original determination and/or sanction(s), or
- 4) Dismiss the case.

The decision of the President shall be "final and binding."

In cases involving appeals by students accused of violating the Code of Conduct, review of the sanction by the President of the College may not result in more severe sanctions for the accused student.

II. Sexual Harassment

"Sexual Harassment" is a broad term encompassing non-consensual or unwelcome sexual advances, sexual violence, dating violence, domestic violence, and stalking.

NCCC is committed to providing a workplace and educational environment, as well as other benefits, programs, and activities, that are free from discrimination and harassment based on a protected category, and retaliation for engaging in a protected activity. Sometimes discrimination involves exclusion from or different treatment in activities, such as admission, athletics, or employment. At other times, discrimination takes the form of harassment or, in the case of sex-based discrimination, it can encompass sexual harassment, sexual assault, stalking, sexual exploitation, dating violence, or domestic violence.

According to NCCC's Consent Policy, consent is knowing, voluntary, and clear permission by word or action to engage in mutually agreed upon sexual activity. Since individuals may experience the same interaction in different ways, it is the responsibility of each party to make certain that the other has consented each time from beginning to end while engaging in the activity. For consent to be valid, there must be a clear expression in words or actions that the other individual consented to that specific sexual conduct. Consent can be withdrawn at any time once given, as long as the withdrawal is clearly communicated through words or actions.

Consent to some sexual contact (such as kissing or fondling) cannot be presumed to be consent for other sexual activity (such as intercourse). A current or previous dating relationship is not sufficient to constitute consent. The existence of consent is based on the totality of the circumstances, including the context in which the alleged incident occurred and any similar previous patterns that may be evidenced.

A person cannot consent if they are unable to understand what is happening or is disoriented, helpless, asleep or unconscious for any reason, including due to alcohol or other drugs.

If you have been a victim of sexual misconduct:

- Get help immediately. In all probability, you will be in shock and should not be alone. Call a friend, a family member, roommate, or another person to come to your immediate aid.
- Promptly seek medical attention. Do NOT bathe, douche, or change clothes prior to the emergency room examination.
- Contact the police (911). You may request school authorities or another support person to assist you. Reporting can help police identify and apprehend the assailant. Reporting may also help protect other potential victims. There are many options for reporting and you are not obligated to go through the court process.
- If requested, NCCC will change a victim's academic situation after an alleged sex offense, including changes in course schedule, if those changes are requested by the victim and are reasonably available. A victim may also request that directory information be withheld from anyone excluding College officials, including name, current address and telephone number, email address, date of birth, program of study, enrollment status, country of citizenship, participation in student clubs, dates of attendance, diplomas or degrees awarded and the most recent educational institution attended by the student other than NCCC.

Remember you are not responsible for the assault. You never lose the right to say "no" under any circumstances. You are not alone if you've been forced or coerced into sexual activity against your will. Advocates are available who care and understand. It's never too late to seek help.

The Athletic Director has been designated as the Title IX compliance officer responsible to coordinate the efforts of the College to comply with and carry out its responsibilities under The Campus Sexual Violence Elimination Act, including any investigation of any complaint communicated to NCCC alleging its noncompliance with this Act or alleging any actions which should be prohibited by this Act. The compliance officer may be contacted by mail at NCCC, 800 West 14th Street, Chanute, Kansas 66720 or by telephone at (620) 432-0397.

Reporting

Reports of sexual misconduct are acted upon promptly while every effort is made by the College to preserve the privacy of reports. Additionally, all employees of the College, except for the on-campus licensed professional counselor, are designated as mandated reporters and will share a report with the Title IX Coordinator promptly. Specific ways to report sexual misconduct can be found in the [Sexual Harassment Policy](#).

Investigation

Upon notice to the Title IX Coordinator, the resolution process involves a prompt preliminary inquiry to determine if there is reasonable cause to believe the Sexual Harassment Policy has been violated. This inquiry normally takes one to five business days. If the person impacted wishes to make a formal complaint, the College will initiate a confidential investigation that is thorough, reliable, impartial, prompt, and fair. The investigation and the subsequent resolution process determines whether the Sexual Harassment Policy has been violated. If so, the College will promptly implement effective remedies designed to end the misconduct, prevent its recurrence, and address its effects. The College aims to complete all formal investigations in a prompt and fair timeframe.

For a detailed explanation of the investigation process, sanctions imposed, and resolution, please refer to the full [Sexual Harassment Policy](#).

Appeal

A student may appeal the decision made in a sexual harassment case in writing to the Title IX Coordinator within three business days of the delivery of the Notice of Outcome. Any party may appeal the findings and/or sanctions only under the grounds below:

- A. Procedural irregularity that affected the outcome of the matter;
- B. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- C. The Title IX Coordinator, Investigator(s), or Decision-maker(s) had a conflict of interest or bias for or against Complainants or Respondent that affected the outcome of the matter.

For a detailed explanation of the appeal process, please consult the [Sexual Harassment Policy](#).

WINTER STORMS/SEVERE WEATHER

If, due to an emergency (e.g., inclement weather, power failure, etc.), it becomes necessary to close the College or to delay the normal work schedule, the College will notify the local TV and radio stations as noted below:

Chanute Campus		Ottawa Campus	
KINZ – 95.3 FM	Chanute	KOFO – 1220 AM	Ottawa
KKOY – 105.5 FM	Chanute	WIBW	Topeka
KIKS – 101.5 FM	Iola	KSHB 41	Kansas City
KKOW – 96.9 FM	Pittsburg	KMBC 9	Kansas City
KOAM TV CH 7/14	Pittsburg	KCTV 5	Kansas City
KFEX – 93.1 FM	Chanute	WDAF 4	Kansas City

If the closing is made due to inclement weather such as snow or ice, College authorities will make the decision to close the campus, usually prior to 5:30 a.m. the day of classes. The decision to close evening classes will be made prior to 3:30 p.m. for both the Chanute and Ottawa campuses. The Vice President or Dean (or their designee) will update the main campus phone number recording. In addition, text message alerts will be sent to all subscribers via Panther TextNet. Social media such as the College Facebook and Twitter feeds will also be updated. In the event the media are not notified due to time constraints, the NCCC calling tree system will be activated. The President, Vice Presidents, Deans, Directors, and Division Chairs will be notified. It is the responsibility of the department heads to notify all of their departmental personnel.

SAFETY AND SECURITY

Conceal and Carry

NCCC is committed to providing a safe and secure environment for all students, employees and patrons of campus services.

In accordance with the Kansas Personal and Family Protection Act, K.S.A. 75-7c01 et. Seq., as amended (the “Act”) and other applicable Federal/State laws, it is permissible and will not be a violation of the NCCC Weapons Policy for the carrying of a concealed Handgun on Campus as permitted and specifically allowed by the Act, and also in accordance with the Concealed Carry Restrictions set forth below.

Concealed Carry Restrictions:

Concealed Carry: Each individual who lawfully possesses a Handgun on Campus (must meet statutory requirements) shall be wholly and solely responsible for carrying, storing and use that Handgun in a safe manner and in accordance with the law and this Policy. Individuals who carry a Handgun on Campus must carry it concealed on or about their person at all times. “Concealed” means completely hidden from view and does not reveal the Handgun in any way, shape or form. “About” the person means that an individual may carry a Handgun if it can be carried securely in a suitable carrier, such as a backpack, purse, handbag or other personal carrier designed and intended for the carrying of an individual’s personal items. Moreover, the carrier must at all times remain within the

exclusive and uninterrupted control of the individual. This includes wearing the carrier with one or more straps consistent with the carrier's design, carrying or holding the carrier or setting the carrier next to or within the immediate reach/control of the individual. It shall be a violation of this Policy to openly display any lawfully possessed Handgun while on Campus.

Statutory Restrictions: Kansas Statutes define when an individual is permitted to carry a concealed Handgun and impose criminal penalties for violations. Violation of State and Federal Laws, Rules and Regulations applicable to firearms in general and concealed Handguns specifically is a violation of this Policy.

Location Restrictions: Certain Campus buildings and/or Public Areas (as defined at K.S.A. 75-7c20) within Campus buildings can be permanently or temporarily designated to prohibited concealed Handguns. There are no Campus buildings or Public Areas that have been permanently designed to prohibit concealed Handguns with Adequate Security Measures in place. However, the NCCC Vice President for Operations (VPO) may temporarily designate a specific location as prohibiting concealed Handguns and use temporary ASMs as defined and required by law. Appropriate notice will be given whenever this temporary designation is made.

Campus locations leased by NCCC or used for Off-Campus Activity, and owned by an entity that may lawfully exclude or permit firearms at their premises (concealed or otherwise), may chose at their sole discretion to exclude or permit Handguns from their premises, notwithstanding a lease or use arrangement with NCCC. If Handguns are excluded at such locations and would otherwise be permitted by this Policy, individuals are expected to comply with the rules imposed by the location.

Safety Requirements: To reduce the risk of accidental discharge on Campus, when carrying a concealed Handgun on Campus (whether on the person or in a carrier), the concealed Handgun is to be secured in a holster that completely covers the trigger and the entire trigger guard area and that secures an external hammer in an un-cocked position through the use of a strap or by other means. The holster is to have sufficient tension or grip on the Handgun to retain it in the holster even when subjected to unexpected jostling. Handguns with an external safety are to be carried with the safety in the "on" position. Semiautomatic Handguns are to be carried without a chambered round of ammunition and revolvers with the hammer resting on an empty cylinder.

Storage: Handgun storage is not provided by NCCC. Individuals may store a Handgun in the individual's vehicle when the vehicle is locked and the Handgun is secured in a location within the vehicle that is not visible from outside the vehicle; Handgun storage by any other means is prohibited.

Specifically, it is prohibited for any individual to store a Handgun: i) in a vehicle that is unlocked or when the Handgun is visible from outside the vehicle, ii) in an individual's office, iii) in an unattended backpack/carrier, iv) in any type of locker, or v) in any other location and under any circumstances except as specifically permitted by this Policy and by state and federal law.

Training: Training on the proper handling of a concealed Handgun is encouraged. All NCCC employees are eligible for NCCC continuing education training reimbursement to supplement training for local, noncredit workshops, which could include a gun safety course (for reimbursement, employees must submit an Application to Staff for Faculty Development). Additionally, NCCC may periodically offer on-campus presentations to students/employees related to safe Handgun practices.

Any report of Weapons on a NCCC Campus will be addressed by local police departments in coordination with NCCC. The lawful carrying of a concealed Handgun should not create concerns on Campus; however, anything other than the lawful carrying of a concealed Handgun has the potential to create confusion and additional risk during police responses.

Applicability: This Policy applies to all Neosho County Community College (NCCC or "College") students, employees and visitors: i) on the NCCC main campus, Ottawa campus, and within locations owned or leased by NCCC that are not part of the NCCC main or Ottawa campuses (collectively, "Campus"), or ii) when attending/participating in or performing College duties at any off-Campus College sponsored or supervised classes, practices, activities or other programs (collectively, "Off-Campus Activity").

Enforcement: Any individual violating this Policy will be subject to appropriate disciplinary action, including but not limited to suspension/expulsion, termination of employment, immediate removal/trespass from the premises and/or arrest. Enforcement of violations of this Policy will be administered by the NCCC Dean of Student Services or Director of Human Resources, as appropriate.

State and Federal Law: The foregoing Handgun Exception To Weapons Policy shall be subject to State and Federal Laws, Rules and Regulations as they may be amended or interpreted. If any part of any rule or restriction set forth above is determined to be unenforceable due to any such law, rule, or regulation, it shall not affect the enforceability of the balance of the policy. The office of the Vice President for Operations or designee may from time to time disseminate a summary of Kansas statutory restrictions and definitions which shall thereafter be incorporated in and made a part of this policy.

Homeland Security

NCCC takes the safety and security of its students, employees and the community it serves as its highest priority. When the National Terrorism Advisory System announces a security alert the College will act promptly to notify all constituents.

The National Terrorism Advisory System, or NTAS, replaces the color-coded Homeland Security Advisory System (HSAS). This new system will more effectively communicate information about terrorist threats by providing timely, detailed information to the public, government agencies, first responders, airports and other transportation hubs, and the private sector. It recognizes that Americans all share responsibility for the nation's security, and should always be aware of the heightened risk of terrorist attack in the United States and what they should do. The Family Educational Rights and Privacy Act of 1974 (FERPA)

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to the student's education records.

NCCC complies with the Family Rights and Privacy Act of 1974 by using the following policy regarding access to, and protecting the confidentiality of, student records. For more information, call 800-729-6222 (KS only) or 620-432-0302.

Upon request, any student of NCCC will be granted access to and review of any or all records pertaining directly to said student. Access to records will be granted no more than 45 days following such request. If information in these records is found to be inaccurate, misleading, or detrimental to the student, a committee composed of faculty and administrators will hear all cases challenging the content of such records. Such hearings will be scheduled within ten working days of receipt of a written request for said hearing. No personally identifiable records from NCCC will be released to parents, spouse, or others without the expressed, written consent of the student. Within the provisions of the Family Rights and Privacy Act, access will be granted to the following without the consent of the student:

- A. School officials, including teachers and administrators, who have a legitimate educational interest;
- B. Officials of schools to which the student wishes to transfer;
- C. Authorized representatives of the Comptroller General of the United States, the Secretary of Education, or an administrative head of an education agency;
- D. In connection with the student's application, receipt or continued eligibility/status for financial aid; or
- E. A court order.

Exceptions to this rule exist within the law. Additional information and guidance may be found at the [FPCO's website](#). Please review the act for more information.

Should a student owe the College any delinquent amount, official records will not be released to the student or a third party. However, this does not preclude the student from personally reviewing his/her records and challenging any of the information. Financial aid transcripts may be sent at the request of other institutions.

Directory Information

Items defined by the College as “directory information” may be released without a student’s written consent. FERPA permits the College to limit the disclosure of and to use its discretion when choosing whether or not to release directory information to specific parties, for specific purposes, or both. In the exercise of that authority, the College may release directory information to College employees/trustees and on-campus publications designed to promote student achievement or events or otherwise serve to advance the interest and image of the College. Some examples include playbills showing the student’s name in a production, honor roll lists, graduation programs, sports programs, documentaries, etc. In addition, two federal laws require the College to provide military recruiters, upon request, with student names, addresses and telephone listings.

The College designates the following as directory information:

- Student’s name
- Address
- Telephone number
- Email address
- Photograph
- Date and place of birth
- Major fields of study and classification
- Full- or part-time status
- Participation in officially recognized activities
- Weight and height of an athletic team member
- Semesters of attendance
- Degrees, awards and honors received
- Previous educational institutions attended

Students who wish to prevent disclosure of directory information must contact the Registrar’s Office to request their information be excluded from certain College publications.

The student has the right to file a complaint with the US Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name, address and telephone number of the office that administers FERPA is:

Jeanne Clery Act Crime Statistics

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) is a federal mandate requiring all institutions of higher education (IHEs) that participate in the federal student financial aid program to disclose information about crime on their campuses and in the surrounding communities. The Clery Act affects virtually all public and private IHEs and is enforced by the U.S. Department of Education. Campuses that fail to comply with the act can be penalized with large fines and may be suspended from participating in the federal financial aid program.

The Clery Act, formerly known as the Crime Awareness and Campus Security Act, was signed in 1990 and is named after 19-year-old Jeanne Clery who was raped and murdered in her Lehigh University residence hall in 1986. Clery's parents lobbied Congress to enact the law when they discovered students at Lehigh hadn't been notified about 38 violent crimes that had occurred on campus in the three years prior to Clery's murder.

Crime Definitions

Aggravated Assault

An unlawful attack by one person upon another wherein the offender uses a dangerous weapon or displays it in a threatening manner or the victim suffers obvious severe or aggravated bodily injury, or where there was a risk for serious injury/intent to seriously injure.

Arson

To unlawfully and intentionally damage or attempt to damage any real or personal property of another person or entity by fire or incendiary device.

Burglary

The unlawful entry into a building or some other structure to commit a felony or a theft. For reporting purposes this definition includes: Unlawful entry with intent to commit a larceny or a felony; breaking and entering with intent to commit a larceny; housebreaking; safecracking; and all attempts to commit any of the aforementioned.

Dating Violence

Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship is determined by the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

Domestic Violence

A felony or misdemeanor crime of violence (including threats or attempts) committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Drug/Narcotic Offenses

The violation of laws prohibiting the production, distribution and/or use of certain controlled substances and the equipment or devices utilized in their preparation and/or use. The unlawful cultivation, manufacture, distribution, sale, purchase, use, possession, transportation or importation of any controlled substance. Arrests for violations of state and local laws, specifically those relating to the unlawful possession, sale, use, growing, manufacturing and making of narcotic drugs.

Hate Crimes

A criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator's bias against the victim. Even though there are many categories of bias, under the Clery Act, only eight categories are reported:

- Race – A preformed negative opinion or attitude toward a group of persons who possess common physical characteristics (e.g., color of skin, eyes, and/or hair, facial features, etc.) genetically transmitted by descent and heredity, which distinguish them as a distinct division of humankind (e.g., Asians, Blacks or African Americans Whites).
- Religion – A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or non-existence of a supreme being (e.g., Catholics, Jews, Protestants, atheists).
- Sexual Orientation – A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived sexual orientation. Sexual orientation is the term for a person's physical, romantic and/or emotional attraction to members of the same and/or opposite sex including lesbian, gay, bisexual, and heterosexual (straight) individuals.
- Gender – A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender, e.g., male or female.
- Gender Identity – A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity, e.g., bias against transgender or gender non-conforming individuals.
- Ethnicity – A preformed negative opinion or attitude toward a group of persons whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion) and/or ideology that stresses common ancestry. The concept of ethnicity differs from the closely related term "race" in that "race" refers a grouping based mostly upon biological criteria, while "ethnicity" also encompasses additional cultural factors.
- National Origin – A preformed negative opinion or attitude toward a group of people based on their actual or perceived country of birth.
- Ancestry – A preformed negative opinion or attitude toward a group of people based on their common lineage or descent.
- Disability – A preformed negative opinion or attitude toward a group of people based on their physical or mental impairments, whether such a disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age, or illness.

Liquor Law Violations

The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession or use of alcoholic beverages, not including driving under the influence.

Motor Vehicle Theft

The theft of a motor vehicle. (Classify as motor vehicle theft all cases where automobiles are taken by persons not having lawful access even though the vehicles are later abandoned-including joy riding).

Murder and Nonnegligent Manslaughter

The willful (non-negligent) killing of one human being by another.

Negligent Manslaughter

The killing of another person through gross negligence.

Robbery

The taking or attempted taking anything of value from the control, custody, or care of a person by force or threat of force and/or by putting the victim in fear of immediate harm.

Sexual Assault (Sex Offenses)

Rape

The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This offense includes the rape of both males and females.

Fondling

The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

Incest

Nonforcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape

Nonforcible sexual intercourse with a person who is under the statutory age of consent.

Stalking

Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others or suffer substantial emotional distress.

Weapon Law Violations

The violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment, or use of firearms, cutting instruments, explosives, incendiary devices or other deadly weapons. This offense includes violations such as the manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed or openly; using, manufacturing, etc., silencers; and furnishing deadly weapons to minors.

Crime Reporting Activities

The Clery Act states an institution must report statistics for the three most recent calendar years concerning the occurrence on campus, in or on non-campus buildings or property, and

on public property of the following that are reported to local police agencies or to a campus security authority.

Reports of a crime in or on a non-campus building or property or on public property include reported crimes involving NCCC students or staff that occur during NCCC events or activity outside the College premises. If crimes reported in or on non-public buildings or property or on public property, a geographic breakdown of the statistics reported will be provided in the annual Campus Security Report.

The annual statistical information includes crimes reported on the NCCC main campus (1) 800 W. 14th Street, Chanute, KS 66720; at the main extension location (2) 900 East Logan, Ottawa, KS 66067; and at the Mitchell Career & Technology Center, (3) 4101 Ross Lane.

Location Definitions from the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act
On-Campus

(1) Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of or in a manner related to the institution's educational purposes, including residence halls; and

(2) Any building or property that is within or reasonably contiguous to the area identified in paragraph (1), that is owned by the institution but controlled by another person, is frequently used by students and supports institutional purposes (such as a food or retail vendor).

Non-Campus Building or Property

(1) Any building or property owned or controlled by a student organization that is officially recognized by the institution; or (2) Any building or property owned or controlled by an institution that is used in direct support of or in relation to the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

Public Property

All public property, including thoroughfares, streets, sidewalks, and parking facilities, that are within the campus or immediately adjacent to and accessible from the campus.

Procedures for Reporting Crimes

All emergency situations involving: (1) a crime in progress, (2) a medical emergency, (3) a fire should be immediately reported to police at 911. All campus phones may be used to dial 9-1-1 at no charge. While on campus, persons should be aware that different telephone systems might require you to dial an outside line before dialing 9-1-1.

As an added security measure, "Blue Light" non-dial outdoor emergency telephones are located at strategic points on campus. These phones are easily identified by the word "Emergency" and their distinctive blue lights. When the button is pushed the caller is in immediate contact with the local police department. In addition to providing voice contact with a public safety dispatcher, the dispatcher is also able to pinpoint the caller's location. These phones are for emergency use only. These phones are maintained by Technology services and provide communication for reporting emergencies.

To report any non-emergency incident occurring on the Chanute campus or at the Mitchell Career & Technology Center, contact the Dean of Student Services at (620) 212-1153 or the Vice President of Operations at (620) 212-3750. To report a non-emergency incident occurring on the Ottawa campus, contact the Director of the Ottawa Campus at 785-248-2798.

When calling for either emergency or non-emergency service, be prepared to:

1. Clearly identify yourself.
2. State where you are calling from.
3. State briefly, the nature of your call.

If possible, stay on the line unless otherwise advised by the dispatcher. The dispatcher will summon public safety or the appropriate police, fire and/or medical service.

Members of the College community are strongly encouraged to report all crimes and suspicious activity to the local police department or appropriate police agency in a prompt and timely manner.

Gramm - Leach - Bliley Act (“GLBA”) Policy

Overview: This document summarizes NCCC’s comprehensive written information security policy (the “policy”) mandated by the Federal Trade Commission’s Safeguards Rule and the Gramm-Leach-Bliley Act (GLBA). In particular, this document describes the Program elements pursuant to which the Institution intends to (i) ensure the security and confidentiality of covered records, (ii) protect against any anticipated threats or hazards wto the security of such records, and (iii) protect against the unauthorized access or use of such records or information in ways that could result in substantial harm or inconvenience to customers. The policy incorporates by reference, the College’s existing policies and procedures and is in addition to any College policies and procedures that may be required pursuant to other federal and state laws and regulations, including, without limitation, FERPA.

Designation of Representatives: The Institution’s Chief Information Officer is designated as the program officer who shall be responsible for coordinating and overseeing the policy. The Chief Information Officer at NCCC is the Dean of Operations. The program officer may designate representatives of the Institution to oversee and coordinate particular elements of the policy. Any questions regarding the implementation of the program or the interpretation of this document should be directed to the program officer or his or her designees.

Scope of Policy: The policy applies to any record containing nonpublic financial information about a student or other third party who has a relationship with the Institution, whether in paper, electronic or other form that is handled or maintained by or on behalf of the Institution or its affiliates. For these purposes, the term nonpublic financial information shall mean any information (i) a student or other third party provides in order to obtain a financial service from the Institution, (ii) about a student or other third party resulting from any transaction with the Institution involving a financial service, or (iii) otherwise obtained about a student or other third party in connection with providing a financial service to that person.

Elements of the Policy:

Risk Identification and Assessment.

The Institution intends, as part of the policy, to undertake to identify and assess external and internal risks to the security, confidentiality, and integrity of nonpublic financial information that could result in the unauthorized disclosure, misuse, alteration, destruction or other compromise of such information. In implementing the policy, the program officer will establish procedures for identifying and assessing such risks in each relevant area of the Institution’s operations, including:

Employee training and management.

The program officer will coordinate with representatives in the Institution’s student/financial services and financial aid offices to evaluate the effectiveness of the Institution’s procedures and practices relating to access to and use of student records, including financial aid

information. This evaluation will include assessing the effectiveness of the Institution's current policies and procedures in this area.

Information Systems and Information Processing and Disposal.

The program officer will assess the risks to nonpublic financial information associated with the Institution's information systems, including network and software design, information processing, and the storage, transmission and disposal of nonpublic financial information.

This evaluation will include assessing the Institution's current policies and procedures relating to Acceptable Use Policy, Information Technology Security Policy, and Records Retention Policy. The program officer will also assess procedures for monitoring potential information security threats associated with software systems and for updating such systems by, among other things, implementing patches or other software fixes designed to deal with known security flaws.

Detecting, Preventing and Responding to Attacks.

The program officer will evaluate procedures for and methods of detecting, preventing and responding to attacks or other system failures and existing network access and security policies and procedures, as well as procedures for coordinating responses to network attacks and developing incident response teams and policies.

Designing and Implementing Safeguards.

The risk assessment and analysis described above shall apply to all methods of handling or disposing of nonpublic financial information, whether in electronic, paper or other form. The program officer will, on a regular basis, implement safeguards to control the risks identified through such assessments and to regularly test or otherwise monitor the effectiveness of such safeguards. Such testing and monitoring may be accomplished through existing network monitoring and problem escalation procedures.

Overseeing Service Providers.

The program officer shall coordinate with those responsible for the third party service procurement activities among the Department of Information Technology and other affected departments to raise awareness of, and to institute methods for, selecting and retaining only those service providers that are capable of maintaining appropriate safeguards for nonpublic financial information of students and other third parties to which they will have access.

Adjustments to Program.

The program officer is responsible for evaluating and adjusting the program based on the risk identification and assessment activities undertaken pursuant to the program, as well as any material changes to the Institution's operations or other circumstances that may have a material impact on the program.

Emergency Action Plan

The following policy functions as a guide only, and the same is subject to change as needed. The Safety and Security Committee will be responsible for the implementation of specific actions under these guidelines which can be found in the Neosho County Community College Emergency Action Plan. The Emergency Action Plan has been designed to provide contingency procedures for Neosho County Community College administrators to follow in the event of campus emergencies. While the plan does not cover every conceivable situation, it does supply the basic administrative guidelines necessary to cope with most campus emergencies.

College policies and procedures herein are expected to be followed by all administrators whose responsibilities and authority cover the operational procedures found in the manual. Any exception to these emergency management procedures must be approved by the appropriate administrators directing and/or coordinating the emergency operations. All proposals for changes to the procedures described must be submitted in writing to the Safety and Security Committee for review. All changes recommended by the committee will be submitted in writing to the President and Executive Committee for evaluation and adoption before approval by the NCCC Board of Trustees.

The Emergency Action Plan is available on the [NCCC webpage](#). Click on Safety and Security at the bottom of the page. The NCCC Emergency Action Plan can be found under
