

Online Programs Offered

The College of Liberal Arts & Sciences is pleased to offer two online degree completion options. These programs are designed for students with 60 or more credit hours.

Liberal Arts & Sciences – BGS (offered beginning summer 2015)

The Liberal Arts & Sciences – BGS degree is a flexible degree option that offers students maximum transfer credit eligibility. The requirements consist of:

1. Completion of all 6 goals of the KU Core (students with a completed Associate of Arts degree from a regionally accredited Kansas school will have KU Core Goals 1-3 waived). Typically KU Core Goals 4-6 are completed at KU.
(36 credit hours)
2. Second-level language proficiency or 3 courses in World Culture, taken in addition to the KU Core.
(9 hours)
3. Two Natural Science or Mathematics courses taken in addition to the KU core
(6 hours)
4. Remaining credit hours needed to reach the minimum of 120 hours required to graduate from KU can be taken as electives. 45 of the 120 hours must be at the Jr/Sr (300+) level.

Psychology – BGS (offered beginning spring 2016)

The Psychology – BGS degree has the same requirements as our on-campus Psychology major, also requires completion of a minor. Currently we are able to offer the Sociology minor online. Students planning to pursue the Psychology major with Sociology minor should plan on completing the following at Neosho:

1. Goals 1-3 of the KU Core, including ENGL 101, ENGL 102, MATH 101, and BIOL 100. Students with an Associate of Arts degree from a regionally accredited Kansas school will have KU Core Goals 1-3 waived, but will still need MATH 101 and BIOL 100 as pre-requisites for future Psychology coursework.
2. PSYC 104: General Psychology. Required by the major and can also fulfill KU Core Goal 3 Social Science.

College of Liberal Arts & Sciences Online Degree Programs

3. An additional lower level transferrable Psychology course (optional)
4. SOC 104: Elements of Sociology. Required by the Sociology minor and also fulfills KU Core Goals 1.1 Critical Thinking or Goal 4.1: Human Diversity
5. An additional lower level transferable Sociology course (optional)

Once a student transfers to KU they will need to complete the remaining requirements for the major and minor. (39 credit hours)

Remaining credit hours needed to reach the minimum of 120 hours required to graduate from KU can be taken as electives. 45 of the 120 hours must be at the Jr/Sr (300+) level.
